ACHIEVEMENTS

Hult-Prize-2024

Organizing the Hult Prize includes managing logistics, promoting the competition, and overseeing the application and judging processes for entrepreneurial solutions to social challenges.

AWARDS

College Level Hackthon

2023

Developed a soil moisture sensor using the AT89C51 microcontroller to monitor and manage soil moisture levels effectively.

TRAINING/CERTIFICATIONS

Web Designing

2023

Completed a web design training course offered by my college, where I gained hands-on experience in creating and developing engaging, user-friendly websites.

Research Methodology

2024

Currently taking a course in research methodology to gain a solid understanding of various research techniques, data collection methods, and analytical approaches.

Documentation

2024

Taking a basic class on project documentation and planning to improve skills in organizing and managing project details efficiently.
